PROFESSIONAL SUMMARY

Motivated Computer Science graduate actively building expertise in SAP ABAP Development for HANA, with a strong foundation in custom software development, database management, and agile methodologies. Skilled in designing scalable backend solutions and collaborating across cross-functional teams to translate business requirements into technical specifications. Eager to apply programming and problem-solving skills within enterprise SAP environments.

TECHNICAL SKILLS

SAP (Upskilling): SAP ABAP for HANA (openSAP, self-directed), SAP Fiori, UI5
Database & Data Modeling: MySQL, PostgreSQL, DBMS Concepts, Data Modeling
Development Practices: Agile Methodologies, SDLC, REST API Design, Software Testing & Debugging
Version Control: Git, Version Control Systems
Programming: Python, SQL
Soft Skills: Problem Solving, Cross-functional Collaboration, Communication

PROJECTS

AI Resume Analyzer *2025*

Tech Stack: Python, FastAPI, MySQL, PostgreSQL, NLP

- Designed a custom software solution using Python and NLP for ATS score evaluation, reducing manual review time by ~60%.
- Applied database management and data modeling concepts using MySQL and PostgreSQL for structured data storage and retrieval.
- Collaborated on requirement gathering and translated business needs into technical specifications; deployed REST APIs serving multiple concurrent users.
- Followed agile development practices throughout the SDLC, contributing to continuous improvement of the development process.

Fake News Detection System *2024 – 2025*

Tech Stack: Python, Flask, MySQL, scikit-learn

- Developed a machine learning-based system in Python for real-time classification, improving detection accuracy through iterative model optimization.
- Assisted in troubleshooting and debugging software issues across the full development lifecycle, enhancing overall system performance.
- Participated in problem-solving discussions and applied agile practices; managed source code using version control (Git).
- Wrote clean, maintainable, and well-documented code following software development best practices.

EDUCATION

B.Tech in Computer Science & Engineering — CGPA: 7.39 *2022 – 2026*
Kalasalingam Academy of Research and Education, Krishnankovil, India
Class XII — 64.3% | Narayana Junior College, Anantapur *2020 – 2022*
Class X — 100% | Sri Chaithanya Techno School, Anantapur *2019 – 2020*

CERTIFICATIONS & ACHIEVEMENTS

- SQL Certification — CodeChef
- Java & Data Structures Certification — Code Tantra
- Hackathon Participant — Developed innovative PDF Summarizer solution
- Currently completing SAP ABAP for HANA fundamentals via openSAP (self-directed)
